The Prowess IQ has 61 query triggers (see image below) and this database version has been procured by SLS Library and Information Centre for widening the database accessibility for researchers. The workshop began with the inaugural speech of Dr. Prashanta Panda, Head of the Department of Social Sciences and some words of encouragement by Dr. Nausheen Nizami, the coordinator of the workshop. Dr Panda motivated the participants to attend the workshop for understanding the type of data available with SLS, PDPU and thanked the expert and participants for sparing their valuable time for the workshop. Dr Nizami emphasized on the importance of utilizing e-resources in research. She stressed on the need for awareness generation of existing research database, journals and resources available with the school and library for efficient utilization.
